

WE MAKE CHARGING YOUR CAR LOOK EZI

EV CHARGING AS EZI AS 1,2,3...

Sign up to the Ezi EV charger plan online, pick your installation date and we take care of the rest. Enjoy convenient and cheaper EV charging at home. Ezi EV install your new charger for free; you pay just £22.50 per month from there on in.

EVA-07S-SE [The Pro Earth 7.3kW]

The Project EV EVA-07S-SE is a single-phase, fast AC electric vehicle charger, that comes with built-in Pro Earth protection, meaning the charger does not require the addition of a costly earth spike installation on your driveway or property.

The charging unit comes packed with features. With its solar compatibility, our EV charger can charge your vehicle using the power of the sun. Coming with an integrated cable locking feature, you can ensure total protection and convenience by tethering your charger, EV cable, and vehicle all together securely, all through the Electric Miles smart app.
